

ERRATA & FAQ (v1.0)

Clarifications

Specific Card Clarifications

Lt. Cmdr Sir Sandar van Othlezee: Some versions have the keyword **REPLENISH** printed in *trait* format, as *Replenish*. Both versions of the card use the **REPLENISH** mechanic, and the underline bold format is correct.

Mark Appleton: Mark's ability allowing his controller to jettison him for 3 ⌚ permits the captain to expend him to meet an expense, as though Mark were a card in hand.

Ranke's Razor: Captains may only select Captain's Card types, and are forbidden from selecting either a  or a .

Reliance on Professionals: The requirement added by **Reliance on Professionals** can be met by any skill token of the requisite level. The reference to "any Trained Skill" and "any Expert Skill" does not allow the controller to name a skill of choice, but rather indicates that any skill token is sufficient to meet the requirement.

The Pretty Penny: Reference to "Ship card" should be treated the same as if it displayed the  icon.

Errata

Keywords

REFLEC: An **ARMOR** source with this keyword ignores any **ARMOR PENETRATION** from a wounding source with *Laser*.

Specific Card Errata

New or corrected text displayed in **red font**.

Redlining: **Play at the start of the phase.** Until end of phase, **whenever any** captain expends a card, if the expended card shares a trait with a card controlled by that Captain, it is worth ⌚ +1.

The Tigress's Wake: **Play at the start of the phase.** Remove from play all , then replace as normal. Until the end of the round, any Captain of an *Imperial*  gains 1  for completing a .
